## Section II Natural Resources Information

**Table of Contents** 

ITEM	Issue Date	Date of Last Review
Section II - Table of Contents	Aug. 2002	
<ol> <li>Soil Information (Interpretations and data filed by county.         Data not on this Web site is available in the respective FOTG hard copy.) Source: USDA-NRCS     </li> </ol>		
<ul> <li>Cropland Interpretations</li> <li>Hydrologic Soil Group</li> <li>Interpretive Grouping Report</li> <li>Land Capability and yields/ac.</li> <li>Potential Cropland Limitations and hazards</li> <li>Prime Farmland</li> <li>Productivity Index</li> </ul>	Aug. 2002	
Engineering Interpretations - Chemical Properties - Engineering Properties - Physical Properties - Soil Features - Water Features	Aug. 2002	
Forage Suitability Group and Ecological Site Descriptions - Range Site Report	Aug. 2002	
Hydric Soil Interpretations - Hydric Soil w/o acres	Aug. 2002	
NonAgricultural Interpretations - Building Site Development - Construction Materials - Nonag Construction Materials	Aug. 2002	
Recreational Interpretations - Recreation Interpretations	Aug. 2002	

	1	ı
Soil Descriptions - Nontechnical Soil Descriptions	Aug. 2002	
Soils Legend - Acreage and Proportionate Extent of the Soils - Soil Map Legend	Aug. 2002	
Waste Disposal Interpretations - Sanitary Facilities	Aug. 2002	
Water Quality - Nitrogen Protection Report	Aug. 2002	
Climatic Data - hard copy data on file in field offices.     Sources: Identified on hard copy.	Nov. 1992	Aug. 2002
3. Cultural Resource Information Source: USDA – NRCS	Aug. 2002	
4. Ecological Site Descriptions		
5. Forage Suitability Groups		
6. Threatened and Endangered Species - hard copy data on file in field offices. Source: USFWS and USDA - NRCS	March 1993	Aug. 2002
7. Windbreak and Forest		
Expected 20-Year Tree Heights by Windbreak Suitability by Windbreak Suitability Group	July 2002	
Windbreak Suitability Groups by County	Oct. 2001
